Sir:

In response to Office Letter Mailed 11/22 20 04 please

accept the following: The subject application/Control Number: 10/811,382

was compiled in conjunction with standard patent procedure, explaining how

to make the invention and how to operate it. However since the

subject Office Action's objection deals primarily with certain Science and

Laws which would render our invention inoperable, I submit CO-pending

Application Serial/Control Number 60/644,725 filed 01/18/05 which will
